## LIFE CYCLES

LifeCycles bolsters overall herd health with a management program based on prevention, utilizing what industry leaders are calling there "must have" vaccines, Pneu-Vac2 and Eco-Vac.

# LIFE CYCLES

In 2010, my breeding program expanded. I started buying deer from other farms and with that started having more and more health issues. Pneumonia, E-Coli, you name it, I had it! But I refused to vaccinate believing

you could ruin their immune system in the process. In 2013 I lost 50% of my fawns, and 20% of adult deer mainly to mycoplasma, bacterial pneumonia. After the most trying year emotionally, I decided to make a change and implement a vaccination program.

Having heard a lot about Cervid Solutions vaccine products I gave Josh Newton a call.

After a lengthy discussion about my experiences in past years he shared some of his thoughts and helped develop an effective management plan specific to my farm.

In the spring of 2014, I vaccinated with Cervid Solutions products for the first time. The results have been astounding. As of September 1, 2014 I had not lost one fawn out of a crop of 65. It has been by far the most enjoyable spring and summer I've had since I started deer farming. I urge every farmer and rancher to try Pneu-Vac 2 and Eco-Vac from Cervid Solutions. Without a doubt the LifeCycles program has changed the herd health and economics on my farm for years to come.

—Elmer Fisher - 5 Star Genetics

# EVOLVE YOUR HERD

## **PNEU-VAC2**

*CERVID VACCINE*

**NOW COVERING:**

- (2) FUSO-BACTERIUM
- (1) T. PYOGENES
- (2) PASTEURELLA
- (2) MYCO-PLASMA

## **ECO-VAC**

*CERVID VACCINE*

**NOW COVERING:**

- (5) E-COLI
- (1) CLOSTRIDIA TYPE A

## **EDUCATION**

**INCLUDING:**

- NORTH AMERICA
- DEER TALK
- VIDEOS
- ARTICLES

## The LifeCycles Program

Over the last 15 years the mindset of operational health management has evolved in the Cervid Livestock community. Our LifeCycles software program provides detailed reporting, script refills, vaccine and medication tracking as well as a host of other features.

Cervid Solutions has engineered our LifeCycles Program with you the CSM in mind. The program we provide is in-depth, professionally developed and available as part of our Cervid Solutions Membership program.
